By N. S. Sison

After a long and arduous struggle, Senate President Benigno Aquino III has vowed to push the bill through the Senate.

"It is a legislative process that is needed not only to the people of the Philippines but also to the world," he said.

He said that the bill is a landmark in the history of the country, and that it is a testament to the resilience of the Filipino people.

## Pakistan gov't scrambles to survive after party split

ISLAMABAD (Reuters) - Pakistan's Prime Minister Nawaz Sharif's government is scrambling to survive after a split in his party, with the opposition demanding his resignation.

Sharif's government has been in power since 2013, but it has faced criticism for its handling of the economy and its relationship with the military. The opposition has accused Sharif of corruption and of being a puppet of the military.

The split in Sharif's party came after a meeting in which some members demanded his resignation. Sharif has refused to step down, saying that he is committed to his government's policies.
